Dear Hugh:

Just a brief note to express my appreciation for Bo Miller's excellent contribution [redacted]

[redacted] His draft provided the essential analysis and estimative judgements that ultimately shaped the final product, and his expert comments and suggestions during the meeting of the NFIB representatives did much to expedite the coordination process.

As you might know, the draft was extensively reviewed and commented on [redacted] That both were highly supportive of the draft was in large part due to Bo Miller's splendid efforts on its behalf.

Sincerely,

Milton Kovner
